

# Serbatoi aria compressa

Compressed air receivers

## Serbatoi verticali

Completi di valvola di sicurezza, manometro, rubinetto uscita aria e rubinetto scarico condensa.

Necessari in caso di consumo discontinuo di aria compressa, in quanto la riserva in essi accumulata consente di sopprimere temporaneamente ad eventuali consumi di aria superiori alla quantità prodotta dal compressore stesso.

## Vertical air receivers

Supplied with all necessary fittings. When using an intermittent air supply they act as a buffer which allows the distribution system to temporarily sustain an air consumption can be slightly higher than the capacity of the compressor.
